

**Dossier zur Nutzenbewertung  
gemäß § 35a SGB V**

*Lonapegsomatropin (Skytrofa®)*

Ascendis Pharma Endocrinology GmbH

**Separater Anhang 4-I**

*Wachstumsstörungen bei Kindern und Jugendlichen von  
3 bis 18 Jahren aufgrund unzureichender Sekretion des  
endogenen Wachstumshormons*

Medizinischer Nutzen und  
medizinischer Zusatznutzen,  
Patientengruppen mit therapeutisch  
bedeutsamem Zusatznutzen

## Inhaltsverzeichnis

Table 1.8 Annualized Height Velocity at Week 52: ANCOVA Analysis, Missing Data Imputed with Multiple Imputation, subgroup analysis.....	3
Table 1.6.m Change from Baseline in Height SDS at Week 52 ANCOVA Analysis, subgroup analysis.....	7
Table 1.12.m Summary of Adverse Events, subgroup analysis by age.....	11
Table 1.13.m Summary of Adverse Events, subgroup analysis by gender.....	17
Table 1.14.m Summary of Adverse Events, subgroup analysis by baseline GH-stimulation strata.....	23
Table 1.15.m Summary of Adverse Events, subgroup analysis by etiology and extend of GHD.....	29
Table 1.16.m Summary of Adverse Events, subgroup analysis by peak stimulated GH concentration at baseline.....	38
Table 1.24.m Treatment Emergent Adverse Events: Incidences by System Organ Class and Preferred Term, subgroup analysis by age, AE $\geq$ 10% in any treatment group .....	44
Table 1.25.m Treatment Emergent Adverse Events: Incidences by System Organ Class and Preferred Term, subgroup analysis by gender, AE $\geq$ 10% in any treatment group.....	60
Table 1.26.m Treatment Emergent Adverse Events: Incidences by System Organ Class and Preferred Term, subgroup analysis by baseline GH-stimulation strata, AE $\geq$ 10% in any treatment group.....	100
Table 1.27.m Treatment Emergent Adverse Events: Incidences by System Organ Class and Preferred Term, subgroup analysis by etiology and extend of GHD, AE $\geq$ 10% in any treatment group.....	118
Table 1.28.m Treatment Emergent Adverse Events: Incidences by System Organ Class and Preferred Term, subgroup analysis by peak stimulated GH concentration, AE $\geq$ 10% in any treatment group.....	185
Table 1.18.m Treatment Emergent Adverse Events by Maximum Severity: Incidences by System Organ Class and Preferred Term, subgroup analysis by age.....	205
Table 1.19.m Treatment Emergent Adverse Events by Maximum Severity: Incidences by System Organ Class and Preferred Term, subgroup analysis by gender.....	870
Table 1.20.m Treatment Emergent Adverse Events by Maximum Severity: Incidences by System Organ Class and Preferred Term, subgroup analysis by baseline GH-stimulation strata.....	1534
